

SADEV[®]
ARCHITECTURAL GLASS SYSTEMS

PROJECTS

A travers cette brochure, SADEV vous présente un panel de ses projets réalisés dans le monde. Les pièces de fixation de la gamme SADEV DECOR sont utilisées pour des projets d'aménagement intérieur. En acier inoxydable, les systèmes combinent esthétique et qualité haut-de-gamme afin de vous offrir entière satisfaction dans la réalisation de vos projets architecturaux.

Les systèmes proposés dans la gamme SADEV CLASSIC sont particulièrement adaptés pour l'enveloppe du bâtiment, les auvents ou d'autres projets extérieurs en verre agrafé. SADEV accorde une importance toute particulière à la sécurité des installations réalisées avec ses produits. De ce fait, de nombreux avis techniques et certificats garantissent la résistance des produits vendus.

Performance, design, technicité, service et réactivité : tels sont les valeurs qui caractérisent SADEV, ses produits et fédère son équipe.

Through this brochure, SADEV presents a selection of signature projects executed throughout the world. Fitting components from the SADEV DECOR range are used for various interior design projects. Made out of stainless steel, our fittings combine esthetics and top-of-the-line quality in order to give you complete satisfaction when carrying out new architectural projects.

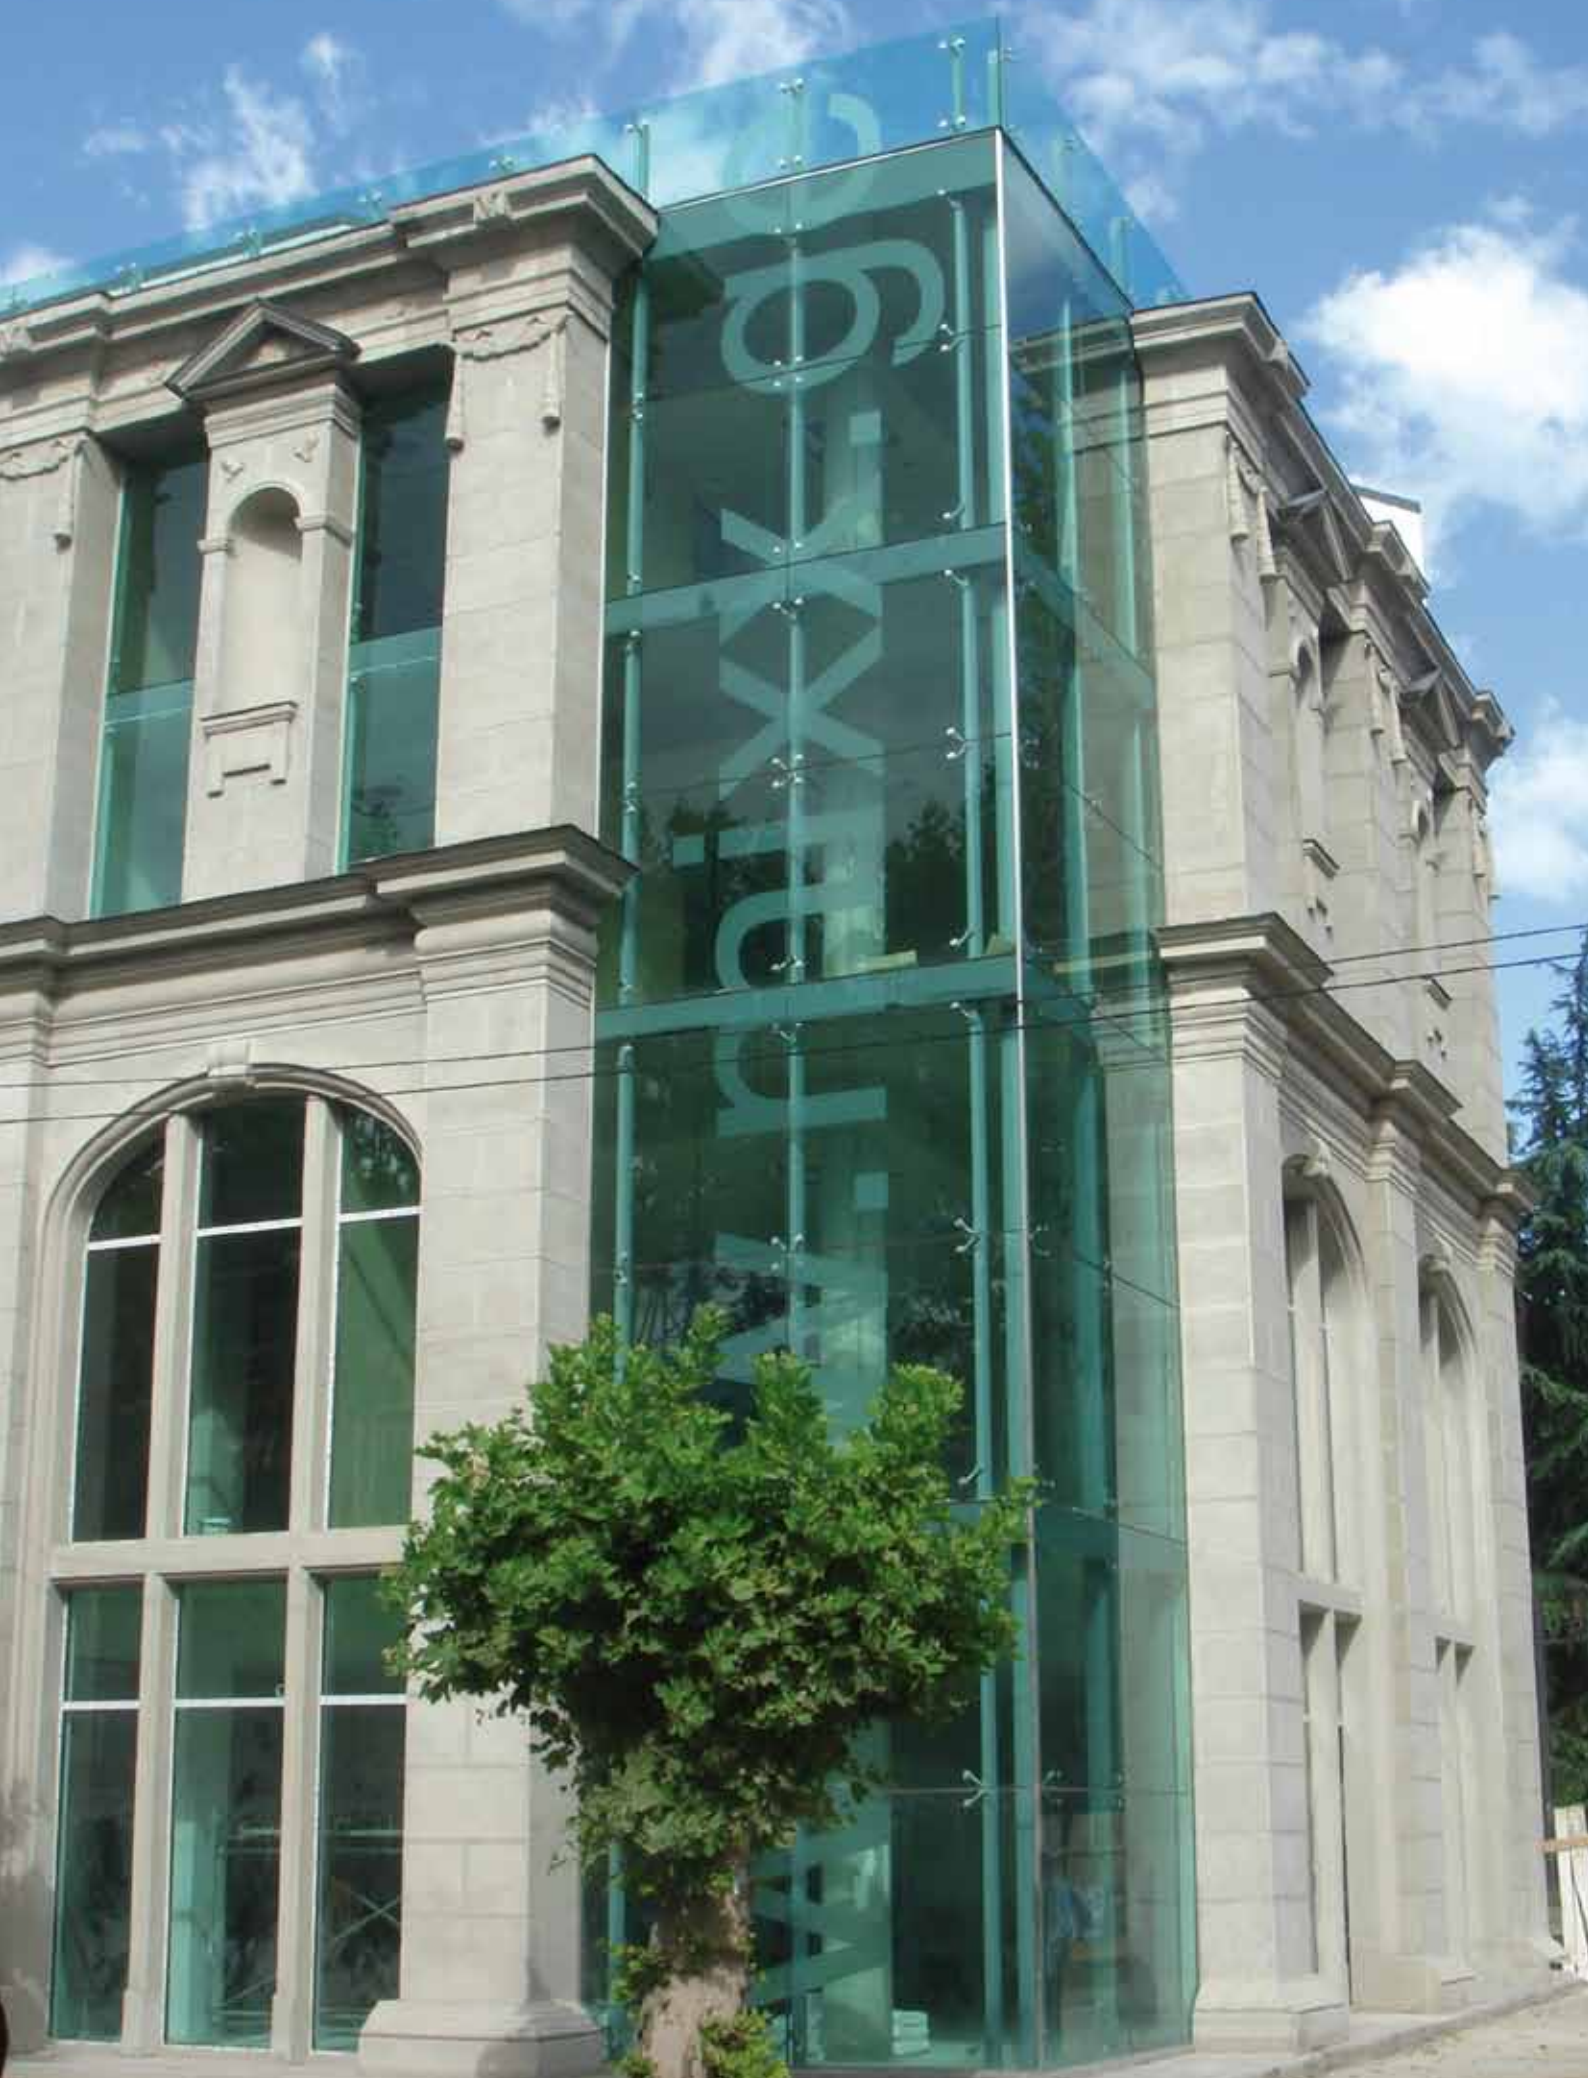

The systems on offer from the SADEV CLASSIC range are particularly well adapted for building envelops, awnings or other exterior projects in point fixed glass. At SADEV, we attach the utmost importance to the safety of installations made with our products. Consequently, numerous technical opinions and certifications guarantee the resistance of our products.

Performance, design, technical prowess, service and reactivity: these are the values that characterize SADEV and our products and federate our team.
